

Neighborhood Resources

Finding one's way around New York City can be difficult especially if you're new to the neighborhood. The Office of Student Affairs has compiled a list of local businesses that may be of help during your time at Juilliard.

Banking in New York City

It is advisable for you to open a checking or savings account at a nearby bank as soon as possible. You will then be able to deposit checks and withdraw money. But be warned: you cannot cash paychecks unless you have enough money in your account to cover the check. Out-of-town checks take about 10 business days to clear. Since most banks are closed on weekends, it is a good idea to establish an account with a bank that has ATM access throughout the city.

Note: International students who wish to open a bank account are encouraged to visit the Office of International Advisement for advice and recommendation. To open an account you must have:

- Form I-20 or IAP-66
- A valid passport
- I-94 card (the white card stapled to your passport)

Banks

Bank of America
